THE AMERICAN RED CROSS IN PEACE TIME

With the Soldiers

There remain in army hospitals throughout the country more than 24,000 soldiers still being treated for wounds received overseas. Red Cross workers give them the same sort of friendly aid—only more of it—that was given during the war. Furthermore, the Red Cross is teaching these lads occupations at which they can later make a living and is keeping in touch with their home folks in order that no dependents may suffer for lack of funds.
